24th May 2024

Dear Parents and Carers,

As you may be aware, this year is an Olympic year and this year's Summer Olympic and Paralympic Games will be held in Paris. As part of the build up to the games, the school will be participating in 'Get Set - Path to Paris'.

What is Path to Paris?

Path to Paris challenges children across the country to virtually travel to Paris by getting active both at school and at home. Children will be working as class teams, completing as much physical activity as possible, which will then be converted into distance travelled. Each team will aim to make it to Paris by the end of the school year and in time for the Games.

How does it work?

1. Children complete a physical activity at home or in school. This can be anything from dancing around the kitchen, going on a dog walk or a full football match.
2. Log the activity on the Path to Paris website using the school code, 2155 and their class name. Follow the link or use the QR code below.
<https://www.getset.co.uk/app/log-activity>
3. The activity will then be converted into a distance and you can track how far your team has travelled. If the whole family get involved, this will add to the distance covered.

We are sure the children (and yourselves) will have a lot of fun getting active and seeing how their activities contribute to their teams virtual travels.

We can't wait to see who makes it to Paris first!

Yours Sincerely,

Miss Jordan and Mrs Williams
